

# Accelerated Leadership Assimilation

Breakthrough Communication For  
Breakthrough Results!

# Current Situation

- New leader
- Team does not know leader
- Leader does not know team
- Rumor vs. Truth
- Culture established by previous leader
- Fear and worry
- Need to produce results early on

# The Assimilation Process

- Outline of day is explained
- Leader leaves group with facilitator
- Facilitator captures group responses on flipcharts
- Leader comes back into room and addresses each point on each flipchart
- Flipchart points are delivered to the leader after the meeting

# Brainstorming Points

- What the group knows about the leader
- What the group does not know about the leader but would like to find out
- What the group's concerns are about the leader
- What the group wants the most from the leader
- What the leader needs to know about the group

# Brainstorming Points

- What the group believes the priorities should be
- Given these priorities, what are the major obstacles that the team will be facing
- What recommendations the group have to overcome the obstacles raised above

# Benefits of Accelerated Leadership

## Assimilation

- Opens lines of communication
- Comfort with discussing issues
- People know what to expect and what is expected
- Supportive team environment
- The team knows the leader
- The leader knows the team

**All this results in.....**

A team that is  
focused and  
communicating after  
1 day instead of 3 to  
4 months!
